

REMARKS

The amendment made to the specification was made to insert an Abstract.

The amendments made to the Claims were made to eliminate multiple dependent claims and reduce claims to a single sentence where necessary. The effect of the amendments relate only to matters of form, and the substance of the Claims remain the same. Support for the newly added claim can be found in the Specification. It is respectfully submitted that no new matter has been added by any of the amendments to the Claims.

It is submitted that the present amendment places the application in good form for allowance, and an early and favorable action for this application is respectfully solicited.

Respectfully submitted,
